# Getting started

1. **What is Quizlet?**

   Quizlet is a suite of powerful tools that help you learn more efficiently and effectively — so you can study smarter, not harder. With different activities, you can learn at your own pace and in whatever way works best for you.

2. **How do I get started?**
   First, go to **quizlet.com** and

   Sign up for free

   Tip: Sign up with [G] if you have Google Apps for Edu or Gmail.

   Next, **join your teacher's class** by entering the link into the URL bar: *You will find it inside the lessons*

   Then click the **Join Class** button. You're now a member of this class!

Selecting Options

Once you've chosen a favorite **study mode**, select **Options** to customize your study session.

Selecting Options

Inside Options

Opening that menu gives you the option **turn audio on** and **off**, **choose** what **language** to see first, **choose** to study only your **starred terms**.

Learn mode

Learn mode creates a **personalized study plan**.

Learn will quiz you with **different types of questions**. As you begin to progress and answer questions correctly more consistently, Learn will advance you from easier questions (true/false and multiple choice) to harder ones (written).

To customize your Learn session, **open the Options** menu. From there, you can also **select the types of questions** you'd like to see.

Quizlet

Study reminders

Learn will prompt you to enter a due date so Quizlet **can send you study reminders to make sure you learn all of your material**.

Don't like to be pushed? Tap **Not** now to start learning on your own time.
